Flashing Sailfish X to Xperia 10 II with Windows 10 computer

```
This is a Windows flashing script for Sony Xperia 10 device.

Power on the device in fastboot mode, by doing the following:
1. Turn off your Xperia.
2. Connect one end of a USB cable to your PC.
3. While holding the volume up button pressed, connect the other end of
   the USB cable to your Xperia.
4. After this you should see the blue LED lit on Xperia, and it will be
   ready for flashing

Press any key to continue . . .
